WELLNESS PRODUCTS FOR SLEEP AND RELAXATION

Autumn Winter 2019

Luxury Products Crafted with Love

Joanna Weakley created Holistic Silk in 1999 as an antidote to the fast pace and stress of modern life, designing and creating items that comfort and reassure simply, effectively and beautifully. This true passion, combined with a love of design and fashion, is perhaps why Holistic Silk remains one of the most respected Wellness brands today.

The Worlds Best Sleep Masks

Our award winning ergonomic Eye Mask delivers deep, restorative sleep. Lightweight, luxurious and made to last with a unique no padded design to give a perfect, light blocking fit. Filled with natural dried Lavender flowers to add a subtle sleep inducing aroma and featuring two soft Velvet ties, this mask rests on your forehead and cheekbones to eliminate any pressure on the delicate eye area. This is, quite simply, the very best Eye Mask available.

Our most luxurious eye mask, the **Pure Mulberry Silk Eye Mask** features Silk on both sides. Naturally non-absorbent, the Silk lining actively helps prevent night-time facial creasing and dehydration, making it perfect for sensitive and maturing skin.

The **Limited Edition Eye Mask** is made in small runs using Joanna's pick of seasonal colours and designs in Silks, Brocades and Cottons and feature a soft Cotton Velvet lining.

The **Classic Lavender Eye Mask**, our ever popular original, is made with Dupion Silk on the front and a soft cotton velvet lining on the reverse. Available with an embroidered Blossom or Dragonfly motif.

Why Two Ties?

Two ties allow a super comfortable, perfect, personalised fit to enhance your experience. We stand out from the Eye Mask crowd for providing this. Tie once then slip your mask off in the morning and back on at night. We make selected designs with one wide, soft Velvet elasticated strap for those who don't believe two ties are better than one!
